

Carnegie Mellon Summer School in Logic and Formal Epistemology

In 2012, the Department of Philosophy at Carnegie Mellon University will hold a three-week summer school in logic and formal epistemology for promising undergraduates in philosophy, mathematics, computer science, linguistics, economics, and other sciences.

The goals are to introduce promising students to cross-disciplinary research early in their careers, and forge lasting links between the various disciplines.

The summer school will be held from Monday, June 4 to Thursday, June 21, 2012 on the Carnegie Mellon campus. Tuition and accommodations are free. Further information and instructions for applying can be found at:
